KEY FEATURES

Built for both beauty and durability, our DIY ADUs are a game-changer in modular living. Each kit is thoughtfully designed and ready to enhance your life with key features like a fully equipped kitchen, bathroom, Murphy bed, and R22 insulation for superior comfort.

- 18 GAUGE STRUCTURAL STEEL MEMBRANE
- ENGINEERED FLOOR CASSETTES
- ENGINEERED ROOF TRUSSES

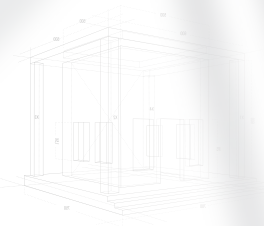

ADDITIONAL DWELLING UNITS

Built using sustainable, prefabricated materials, WB4L ADUs are engineered to withstand even the harshest Canadian winters. Plus, they're more than just a home—they're an asset. Re-purpose, relocate, or enjoy your unit for years to come.
